CONFLICTING ETHICAL CHALLENGES in the Treatment of Adolescents & Adults With Eating Disorders
FRIDAY, OCTOBER 6, 2017
EATING DISORDERS: One-Day Professional Symposium
STATE-OF-THE-ART TREATMENT SATURDAY, OCTOBER 7, 2017
The Center for Eating Disorders at Sheppard Pratt presents
eatingdisorder.org/events
CARLY GILL, MD, FRACP is a clinical instructor in pediatrics at the University of Queensland and a paediatric endocrinologist at The Children's Hospital, Brisbane. She trained at the University of Michigan School of Medicine, finishing her medical degree at the University of New Orleans. After completing her residency in pediatrics at Brisbane, she pursued a fellowship in Adolescent Medicine at Children's Hospital Boston. She has presented at the 4th Annual Meeting of the International Association for the Study of Adolescent Health and Medicine for her work on the role of the hypothalamus in the regulation of body weight in children. She is also the lead author on a recent project that has been published in the Journal of the American College of Nutrition.

DIANA STEINGL altercationfly Associate Professor and Chief of the Section of Pediatric Endocrinology at the University of California, Los Angeles. She received her MD from the University of California, San Francisco, and her PhD from the University of California, San Diego. She completed a fellowship in pediatric endocrinology at the National Institutes of Health in Bethesda, Maryland. Her current research focuses on the role of the hypothalamus in the regulation of body weight in children and adolescents.

Dr. Guss is a prevention scientist with expertise in adolescent health, particularly in the area of eating behaviors. She has received numerous awards and distinctions for her work, including the 2017 Best Paper Award from the Society for Adolescent Health and Medicine (SAHM). She is an editor of several journals, including the Journal of Adolescent Health and the Journal of Adolescent Health Care. She has also authored or co-authored over 50 research articles and two books on adolescent health.

JAMES E. MITCHELL, M.D. is a professor of psychiatry at the University of Arizona College of Medicine and the director of the Center for Eating Disorders at Sheppard Pratt. He received his MD from the University of North Carolina at Chapel Hill and completed his psychiatry residency at the University of Maryland. He then went on to complete a fellowship in adolescent psychiatry at the University of California, San Francisco. Dr. Mitchell is a diplomate of the American Board of Psychiatry and Neurology and is a fellow of the American Psychiatric Association.
